

## 2021 Global Trade Award

International business expansion provides diversification, revenues, and jobs for individual firms and the economy as a whole. The *NAITA Global Trade Award* honors existing local businesses for their dedication in pursuing and penetrating global markets. By recognizing these efforts, NAITA hopes to encourage others to explore and/or expand their international business and to strengthen the network of businesses involved in international trade.

The company selected for the *2021 NAITA Global Trade Award* will be recognized at the NAITA World Trade Day Luncheon. The recipient will be invited to present a program at a NAITA meeting or International Business Interchange. When applicable, NAITA will work with this recipient to complete an application for the "E" Award, which is designated by the President of the United States and is the highest honor an American firm can receive for its exporting activity.

Past recipients of the *NAITA Global Trade Award* include:
